

## CSI DMC promotes Morgan Alexander

CSI DMC is proud to announce that Morgan Alexander has been promoted to Director of Event Management of our Chicago office. Morgan's CSI DMC journey began in our Orlando office, where she quickly became an indispensable member of the Event Management team. Morgan's combination of quick thinking and grace under pressure made her a favorite among both clients and colleagues; knowing that Morgan was assigned to a program meant that there would always be a steady hand at the wheel. Morgan was offered the opportunity to move to Chicago as part of the team who would continue to grow the Midwest office for CSI DMC. Never one to turn down a challenge, Morgan accepted and made the move, dedicating herself, along with her colleagues, to building a robust presence in the Windy City and beyond. Morgan is always willing to support the CSI team at large, routinely traveling across the country to assist clients who request working with her again and again.

A specific event that made Morgan realize just how unique her job was is what she likes to call 'The Chair Extravaganza.' She writes, "A few years ago, we had a large event that included 300 bar stools with silver legs and white leather seats. Once contracted, the vendor turned out to only have half the amount needed. After some back and forth, the client was insistent on those exact chairs ...so we purchased 150 similar chairs from another vendor, but with brown legs. The solution? Well, if you want to talk about teamwork: the entire team along with spouses and friends came together for two nights in a row to tarp the entire office floor. We had one section of people drilling the legs onto the chairs, one section transporting the chairs to then another section where individuals painted every leg chair silver! The last station involved transporting the chairs outside to load onto a truck. Four trays of Chick-Fil-A nuggets and four pizzas later, we finally finished painting. Come event day, we all showed up and offloaded the truck ourselves, dispersing a few chairs at a time into the ballroom. Was this my favorite or most fun day at CSI? Absolutely not- but this was one of the many days that reminded me what an amazing team we are and when push comes to shove, everyone shows up!"
